

Research with Parents: Pediatric Overweight & COVID-19

WHAT: Health care professionals at the University of Mississippi Medical Center are doing a research study to learn more about what helps and what gets in the way of helping children and parents improve eating and physical activity habits. They are also interested in understanding how families have been impacted by the COVID-19 pandemic.

WHO: Parents/Caregivers with a **child 2 to 17 years old** who is **overweight**.

Parents/Caregivers complete an online survey one time.

WHERE: Complete survey online. Scan the QR code with your mobile device or click the link below to access the online survey.

Link: https://is.gd/frdpopcrpn_2021

Financial compensation will be provided.
To learn more about the study:
Call us at **601-984-5839** or talk to your child's
health care provider.

All inquiries are kept strictly confidential.
